

The Corralitos Cultural Center's "Closing Concert for Open Studios"

Michael Gaither

Sherry Austin

Steve Kritzer

Help us celebrate the conclusion of our three weekends of Open Studios by sharing a special evening with these three local songwriters:

Michael Gaither – Host of this songwriter series. Michael loves a good story, especially when he can wrap a melody around it. Expect to hear more than a couple of songs about life in the Pajaro Valley.

Sherry Austin – A popular local favorite, Sherry is a terrific performer of her own material and an amazing interpreter of other artist's work. She recently celebrated the release of her third record, "Love Still Remains", a tribute to the late California songwriter Kate Wolf.

Steve Kritzer – Veteran Bay Area singer/songwriter/multi-instrumentalist. Steve has played the circuit from local coffeehouses to concerts, bars, and festivals around the world. He's currently working on his fifth record.
